ABOUT VERITY SOLUTIONS

Verity Solutions is an award-winning leader in software and services developed for administration of the federal 340B drug pricing program. Our people and 340B solutions work together to help all covered entitiy types optimize their 340B savings and ensure ongoing compliance and audit readiness. Our comprehensive solutions all offer:

Agile software platform: Built around a state-of-the-art cloud-based 340B software system and deployed with security, performance, scalability, ease-of-use, fault-tolerance, and agility as primary goals.

Intuitive application: Designed with our users in mind, we maintain ongoing feedback and collaboration with our clients. This collaboration steers our continual software and services development.

Responsive support: Designated account managers provide focused support, training, audit readiness, and regular business reviews to maximize your 340B program success and help you maintain compliance.

90 day install guarantee[1]: Verity Solutions has installed its audit-ready, fully compliant 340B solutions in hundreds of facilities. Most installs go live within 90 days.
[1]Implementation timeline start for 90 day install guarantee begins after Verity Solutions receives clean customer data.

VERITY340B® SPLIT BILLING

A successful 340B program requires up-to-date technology with industry-leading accuracy and proven results. That's what we deliver with our Verity® 340B Split Billing software. Using our advanced cloud-based software platform, Verity experts help you take advantage of every savings opportunity while maintaining compliance and audit readiness. Features include:

- Designated Account Managers and Support
- Customized Business Reviews
- Enterprise View for Multi-Site Covered Entities
- Advanced CDM-NDC Mapping Functionality
- Central Distribution
- Accumulator Sharing for Qualified Sites
- Detailed WAC Spend Reporting
- Rapid Implementation

- Audit Support
- And Much More...

VERITY340B® CONTRACT PHARMACY

The 340B drug pricing program allows Covered Entities to contract with pharmacies in the community to dispense 340B eligible prescriptions on their behalf. Participation in a contract pharmacy network provides the covered entity access to additional savings while allowing eligible patients convenient access to pharmacy services.

- Eligible Claim Capture Tools
- Match Re-evaluation Tools
- No "True-ups"
- NPI Management Tools
- Referral Capture Tools

- Advanced Data Remediation Tools
- Streamlined Pharmacy Ordering Solutions
- Verity Care Card for discounts on eligible 340B prescriptions at point-of-sale
- Comprehensive Reporting
- And Much More...

ANCILLARY SOLUTIONS

In addition to our core 340B solutions, Verity Solutions' optional services can add value to your exisiting program as standalone solutions regardless of which Third Party Administrator you use.

VERITY340B® COMPLIANCE MANAGER

Making sure your 340B program stays compliant with all rules and regulations can be difficult. Covered Entities must know which areas of compliance are most at risk, be able to uncover and examine issues, and know when and how to perform audits.

Verity makes this process easier with our web-based Verity 340B® Compliance Manager, which stores your 340B program documentation and provides tools for you to fulfill your self-audit requirements.

VERITY340B® PURCHASE ANALYTICS

Verity 340B® Purchase Analytics identifies the optimal mix for significant savings opportunities. By pro-actively analyzing each NDC drug price and your pharmacy spend data, Purchase Analytics delivers dynamic insight into your data. Your procurement and purchasing team is able to make quick and data-driven purchasing decisions creating an average savings of 10-13% of total drug spend.
